

## **2014 eucen AUTUMN SEMINAR**

*How to develop University Lifelong Learning programmes:  
From the needs analysis to the design.*

*Dialogue between research and practice*

**Barcelona, Thursday 06-Friday 07 November 2014**

---

### **SUB-GROUP LEADER**

**Hanna-Riikka MYLLYMAKI**  
**Solutions Director, Aalto University Executive Education**

#### **Current Position and Past Experience**

Hanna-Riikka Myllymäki is Solutions Director in Aalto University Executive Education. Prior to this position, she held different positions in Aalto, among others Head of Business Development at the Aalto University Professional Development and being in charge of the Corporate Partnership Program. She joined Aalto when the merger of three universities (Helsinki University of Technology, Helsinki University of Economics and University of Art and Design) was ongoing and Aalto was being formed. Prior to Aalto she was the Secretary General of the University Continuing Education Network in Finland.

#### **Education, Honors and Achievements**

Hanna-Riikka Myllymäki earned her Master of Science from Helsinki University of Technology in 1997.

#### **Personal Details and Community Involvement**

Hanna-Riikka Myllymäki has various positions in the field of educational development and educational politics. She is a member of the Steering Committee of EUCEN (European University Continuing Education Network), member of the Board of UCEF (University Continuing Education Network in Finland) and vice chairman for the Committee of Educational Affairs of the Academic Engineers and Architects in Finland – TEK (in this position she has been chairing a project which targets on renewing the strategy of continuing engineering education and enhancing the conditions of continuing professional education in Finland).
